# Anne Merlyn Martinez

## Full-Stack Web Developer

Specialized in C#, React, HTML5, JavaScript, and SQL, with a focus on delivering customer-focused solutions and responsive designs. Experienced for collaboration and a passion for learning new technologies.

## EXPERIENCE

### CAREER TRANSITION AND SKILL ENHANCEMENT

Self-Directed Learning | Karlsruhe, Germany | 07/2023 - 11/2024

- Relocated to Germany, learning German language, and adapting to a new culture. Reached B1 Level in less than a year and continue learning every day.

### ASSOCIATE SOFTWARE ENGINEER II

Optum | Cebu, Philippines | 05/2019 - 06/2023

- Built and maintained enterprise-level applications with C# .NET, TypeScript, and React, supporting over 20,000+ users.
- Automated testing with Selenium, cutting manual efforts and speeding up releases.
- Optimized SQL queries, boosting database performance and accelerating report generation.

### SOFTWARE ENGINEER I

Kyocera | Cebu, Philippines | 04/2018 - 04/2019

- Appointed as lead developer and spearheaded 3D Module Support for 3+ new printer models, ensuring all projects were delivered on time.
- Developed checklists, test specifications, and documentation for each supported model.
- Engaged in R&D verification and liaised closely with Software Quality Assurance (QA) Teams, particularly during Software Master Releases.

### ASSOCIATE SOFTWARE ENGINEER

Kyocera | Cebu, Philippines | 04/2016 - 03/2018

- Enhanced SharePoint applications built with C#, adding new features that boosted team productivity.
- Created SDL Passolo automation scripts, cutting build times and streamlining localization processes.
- Designed 3D images for printer software using OpenGL and C++, collaborating with Driver/Utility teams with documentation and testing support.

## EDUCATION

### WEB & APP DEVELOPMENT BOOTCAMP

WBS CODING SCHOOL | Berlin, Germany | 12/2024 - 04/2025

- Experienced in frontend (UX/UI, Git, JS, React, APIs, GenAI)
- Backend (MongoDB, Node.js, Express) development (in progress)

### ASSOCIATE'S DEGREE, INFORMATION TECHNOLOGY

University of San Carlos | Cebu, Philippines | 06/2013 - 04/2016

- Majored in Software Development
- Under a three year training and education program of Passerelles Numeriques Philippines in partnership with the university. One and a half year of basic and advanced IT training and another one and a half year of On-The-Job training (five days working in the company and two days studying).
